Hi Nancy,

She was working on a priority for Keith Stewart today. I just found out that she had some additional questions for me about what you all submitted but I have been having issues with my email today so I will provide her a response in the morning. Jody

Donna—

I apologize...I thought you just needed that so I could put it in the IGCE. Please see the attached email, wherein Definers quotes a price.

That said, they'll still be responding with a formal offer, correct? We're interested in being able to evaluate their work in as they respond to what we've put together in the SOW and instructions to offerors.

Thanks!

Hi All

I appreciate everyone coming out so we can continue to progress toward this solicitation. Per our meeting this week I have attached documents to be finalized for the Approved Procurement Plan (APP) (in which Michael would prepare). Please address all issues discussed. Under the additional notes I believe the only item left is getting the FITARA document. Please let Jody or I know if you need further information or any questions for JOFOC or any of these other attachments. Again Thanks.

Hi Nancy,
Short answer is that Bulletin is not on the GSA schedule. Unfortunately the GSA is not a good match for a custom-built service like ours for several reasons. I'm traveling currently, but can provide more color next week if helpful.
Best,
Ben

Subject: Cision® acquires PRIME Research, enhancing Cision Communications Cloud® capabilities

Cision® Acquires PRIME Research

Hello Nancy,

I am excited to announce that Cision® has signed a definitive agreement to acquire PRIME Research, a global leader in media measurement services – enhancing Cision's role as a leader of software and services for communications professionals. This acquisition furthers Cision's goal of becoming the one-stop provider for brands who want to identify their ideal influencers, craft engaging campaigns, and attribute meaningful value to those campaigns. It also bolsters the business value of the Cision Communications Cloud®, our all-in-one platform for communicators.

Combining the expertise of the two companies will improve our ability to help communicators transform their overall media mix to deliver greater value and, of increasing importance, better measure the ROI of their earned media efforts. Some of the largest brands in the world rely on both Cision and PRIME to deliver on that measurement challenge.

PRIME is a global company with offices in Europe, North American and Asia-Pacific. They have over 500 clients and service some of the world's most prestigious brands such as MasterCard, Jaguar and Honda. They bring to Cision additional capabilities with respect

to real-time monitoring and analysis across digital, print, TV, and online news. It also includes a wide range of social media outlets, including Twitter, Facebook, Google+, YouTube, blogs, forums, WeChat and Weibo. PRIME provides clients with a highly customizable dashboard for their news and media monitoring 24 hours a day. In addition to its global reach, PRIME has deep industry expertise across many different verticals including, automotive, retail and technology. The IP and know-how developed through gaining expertise within these verticals will be made available to all Cision customers.

Today's announcement comes on the heels of Cision's acquisition of CEDROM-SNi Inc., a firm specializing in digital media monitoring solutions. Stay tuned for future announcements that will further detail the many ways these acquisitions will benefit you as we integrate additional capabilities into the Cision Communications Cloud platform.

To learn more about the acquisition or Cision Communications Cloud, please contact us at executivecommunications@cision.com or visit cision.com.

Best,
Kevin Akeroyd
CEO, Cision

Subject: Cision® acquires PRIME Research, enhancing Cision Communications Cloud® capabilities

**Cision® Acquires PRIME
Research**

Hello Nancy,

I am excited to announce that Cision® has signed a definitive agreement to acquire PRIME Research, a global leader in media measurement services – enhancing Cision's role as a leader of software and services for communications professionals. This acquisition furthers Cision's goal of becoming the one-stop provider for brands who want to identify their ideal influencers, craft engaging campaigns, and attribute meaningful value to those campaigns. It also bolsters the business value of the Cision Communications Cloud®, our all-in-one platform for communicators.

Combining the expertise of the two companies will improve our ability to help communicators transform their overall media mix to deliver greater value and, of increasing importance, better measure the ROI of their earned media efforts. Some of the largest brands in the world rely on both Cision and PRIME to deliver on that measurement challenge.

PRIME is a global company with offices in Europe, North American and Asia-Pacific. They have over 500 clients and service some of the world's most prestigious brands such as MasterCard, Jaguar and Honda. They bring to Cision additional capabilities with respect to real-time monitoring and analysis across digital, print, TV, and online news. It also includes a wide range of social media outlets, including Twitter, Facebook, Google+, YouTube, blogs, forums, WeChat and Weibo. PRIME provides clients with a highly customizable dashboard for their news and media monitoring 24 hours a day. In addition to its global reach, PRIME has deep industry expertise across many different verticals including, automotive, retail and technology. The IP and know-how developed through gaining expertise within these verticals will be made available to all Cision customers.

Today's announcement comes on the heels of Cision's acquisition of CEDROM-SNi Inc., a firm specializing in digital media monitoring solutions. Stay tuned for future announcements that will further detail the many ways these acquisitions will benefit you as we integrate additional capabilities into the Cision Communications Cloud platform.

Ryan:

Formal inquiries help us keep track of the numerous inquiries we receive from both the majority and the minority. We ask for a formal submission for tracking purposes as the inquiry will be assigned to the appropriate staffer. Also, formal requests help us process these requests in the order in which they are received.

We will continue to respond to requests such as TA and others requests through simple emails but ask oversight requests

I don't think Aaron's note implied you all do not have oversight authority, but with energy and commerce being our main committee of jurisdiction we want to ensure they are looped in as they are likely working on a similar request.

On Dec 18, 2017, at 4:45 PM, Seiger, Ryan <Ryan.Seiger@mail.house.gov> wrote:

Aaron:

On your response to my information request, a few questions...first, it is now EPA policy that routine oversight requests from Committee staff need now be formal letter requests from the Members? Also, is this request for a letter coming from OCIR or from the agency at large?

Can you also provide me with a basis for your claim that the Committee on Transportation and Infrastructure does not have independent oversight jurisdiction over EPA?

Finally, on these apparent new rules, do they apply both to the T and I majority and the minority? Are there any other oversight processes that have been put in place this year that we need to be aware of?

Nancy and Helena,

There were two (2) GAO protests filed by two (2) separate interested parties. The GAO case numbers were B-415800-1 and B-415800-2. Normally the details of the protest such as the allegations filed against EPA and the GAO decisions is made publicly available through GAO online (see links below). Since the Agency, EPA, conceded to a need for corrective action, this may have effected why the full details are not disclosed publicly as per GAO procedures it could take months to make available following a decision of corrective action. Another reason maybe it's subject to a protect order. Otherwise, GAO seeks to issue decisions that provide meaningful and transparent explanations for their rulings. You are very fortunate to have a very proactive, solution-driven Champion in Michael Q. who has already coordinated with me to learn more of the ins and outs of sole sourcing.

Either way, (1) I am planning to **Deliberative Process / Ex. 5**

Deliberative Process / Ex. 5

Links to the GAO Protest:

Hello Julia,

Thank you for your prompt response and returning the signed subject modification. In terms of additional steps necessary to officially end the process will involve whether or not Definers Corp wants to assert its rights under FAR 52.212-4 (l) terms and conditions—see an excerpt of the applicable clause language below. If Definers Corp is seeking, as a matter of its right, the payment of money arising under or relating to this purchase order and termination, then please submit in writing to me as the

Contracting Officer with a level of detail consistent with the FAR 52.212-4 and sufficient for a Contracting Officer to determine that the costs were fair, reasonable, allowable, allocable and the facts justify the requested recovery of costs in a termination settlement (e.g. demonstrates that all reasonable steps were taken to minimize the incurrence of costs allocable to the work covered by the order). A final bilateral modification will be issued to definitize this aspect of the termination even if Definers Corp indicates that no costs will be claimed under the order and/or pursuant to the termination.

Please notify me of Definer Corp's intent regarding this matter and the Government will act accordingly. Please let me know if you have any additional questions. Thank you kindly and have a great day!

FAR 52.212-4 Contract Terms and Conditions—Commercial Items.

(I) **Termination for the Government's convenience.** The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, **the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination.** The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. **The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.**

Hi Nancy - just looking to see if you still want to connect this week or if we should wait till next week.

Let me know and Happy New Year!
-Greg
